

Protect Your Home Investments

with Mersen's Surge-Trap[®] Type 1 Surge Protection Device

- Flat screen LCD television
- Entertainment system
- Blue-Ray player
- Home office equipment
- Kitchen appliances

Surge-Trap Type 1 protection adds a critical layer of surge protection for your entire house. From your family room to your office, and your kitchen, your entire electrical system is protected. This simple whole house solution is installed at your load center – out of sight, out of mind. Reduce the number of wires at each piece of equipment.

Relax with Maximum Protection from Mersen's Surge-Trap[®] Type 1 SPD

Featuring Mersen's patented TPMOV[®] Technology inside, Surge-Trap SPDs meet the rigorous safety requirements of the UL 1449 3rd edition safety standard and need no additional overcurrent protection. Other surge protection devices require fuses, fuse holders, and extra wiring, resulting in longer, more costly installations. This compact device is easily the most cost efficient to install, giving you peace of mind while saving you time and money.

Ask Your Electrical Contractor for whole house protection with the Surge-Trap[®] Type 1 SPD

Look for part number "STT2240SPG."

Rest easy knowing your home and valuable electronics are protected.

One compact device protects your whole house from damaging surges
