ACCESSORIES

FS-POPKIT

The Ferraz Shawmut FS-POPKIT is intended for the customer or distributor that already has an existing slatwall in their facility. The kit includes all items listed under the standard FS-POP excluding the gondola and slatwall. FS-POPKIT includes an attractive header sign with cross reference guide, (12) standard bins, (6) wide bins, (6) large bins and labels for bin identification.

MFD MFD300

- Order with or without fuses
- Clear plastic display
- Holds 300 glass fuses
- Wall mountable

The Ferraz Shawmut miniature fuse display, MFD, is a compact and organized solution to hold

only the most popular glass fuses available. The display can hold up to 300 fuses and is made from plastic which contains individual slots for supporting standard glass fuse packages. Included with the MFD is a paper insert with Ferraz Shawmut logo and cross reference list. Order the MFD fully stocked with part number MFD300.

GSMR

- Holds 400 Fuses
- Peg Board and Slatwall mountable

Ferraz Shawmut Midget and Class CC fuse rack is an automatic feed-

ing system for standard 10 packs of midget and Class CC fuses. Included is a Ferraz Shawmut sign for easy brand identification.

GSGFD

12 1/2" w x 29 1/2" h x 4" d

GLASS FUSE DISPLAY RACK

The Ferraz Shawmut Glass Fuse Display, GSGFD, gives high visibility to fuses at the point of purchase. The GSGFD consists of a sturdy

metal display rack with wall mounting hardware, 48 slots (each holds 12 standard 5-pack boxes for a possible display total of 576 boxes or 2,880 glass fuses), an attractive header sign, and a laminated glass fuse cross reference guide for quick and easy selection.

GSFC

24" w x 36" h x 12" d
(6 cubic feet)

GSFC-M

18" w x 24" h x 13" d
(3.25 cubic feet)

- 2 sizes, pre-assembled
- Key lock handle
- All-welded steel
- Primed, painted industrial gray
- Heavy duty construction

SPARE FUSE CABINETS

Ferraz Shawmut Spare Fuse Cabinets provide dedicated storage space for spare fuses. Heavy duty all-welded steel construction with primed and painted gray finish combines good appearance and easy maintenance. A positive latching handle with cylinder lock and two keys will prevent unauthorized access.
